Thorhild wants to spend money on culverts instead of a drainage plan

Thorhild County council would rather spend money on upsizing culverts to protect county roads than on creating a Master Drainage Plan. Following a lengthy discussion in its April 28 meeting, council voted to send a letter to its senior service partners, the former town of Glenmakin and Glenn van Dijken regarding flooding concerns and county maintenance of the ditches and, asked whether a Master Drainage Plan is a provincial requirement.

Sturgeon remains in good financial shape despite delay in refinery operation

Sturgeon County was given a clean bill of health by the auditor Marcis Group LLP as the 2019 annual audited financial statement was presented and approved by council at their regular meeting April 28. “The County remains in good financial condition,” stated Phil Dirks, CPA, CA of Marcis Group LLP “with moderate debt levels, low taxes and low spending.”

The 2019 audit showed no new debt issued and $1,430,450 in debt repayment, bringing the percentage of debt to just under 25% of allowable debt, down from 30% in 2018. As of the end of December 2019 the total debt shown in the statements was $27,383,965 of the over $310 million debt limit approved.

The median for the group of similar municipalities was 18% for debt utilization in 2018. Coun. Kristin Toms suggested the inclusion of Strathcona County in the similar municipalities “blows the comparators.” Dirks noted Municipal Affairs is not going to prepare the comparators charts on which will allow the municipalities to set comparators that are more significant to them.

He noted Sturgeon County’s taxes per capita are at the “low end of averages” and spending per capita is “well below averages.” Senior Accountant Financial Services Madison Gabriel told Council “Sturgeon County’s practice and policy on budgeting for revenue is conservative, therefore contributing to a variance in actual and in actual budget versus budgeted revenue. A conservative approach in terms of budgeting minimizes the risk of running an annual deficit.”

The organization surpassed with significant tax growth revenue and expenditures relating to the Sturgeon Refinery. Sturgeon Refinery was not commissioned during 2019 and no tax revenue collected, resulting in a $30 million variance from budget. Though the revenue was budgeted ($5,969,034) the County’s operations expenses budget had only anticipated spending $62,713,957 with actual expenditures coming in at $64,910,526.

A man rescued after spending night pinned by fallen tree

A man is recovering after spending the night pinned by a fallen tree east of Smoky Lake. Above – STARS takes the victim to hospital in Edmonton, while below EMS and other agencies work to bring the victim to the helicopter after the Jaws of Life rescue tools were used to lift a tree off the man.

A man is recovering after spending the night pinned by a fallen tree east of Smoky Lake. He was working alone on April 25 when the incident happened. When he was found the next day emergency responders from the Smoky Lake Fire department, EMS and the RCMP attended the scene. STARS air ambulance was called.

“Fire crews quickly set up the jaws of life and delicately lifted the heavy tree while cutting to bing,” said fire department volunteer Hank Stracener. “STARS, originally enroute to Edmonton, took the patient to the Smoky Lake George McDougall Health Care Facility, was rerouted directly to the scene as the Smoky Lake George McDougall Health Care Facility, was rerouted directly to the scene due to the condition of the patient.”

The rescue helicopter originally landed in a stubble field adjacent to the incident. As more firefighters arrived on the scene RR 170 was closed to traffic and the helicopter repositioned and the patient was transferred to a waiting ground ambulance.

Don’t get too close

Man rescued after spending night pinned by fallen tree

A man is recovering after spending the night pinned by a fallen tree east of Smoky Lake. He was working alone on April 25 when the incident happened. When he was found the next day emergency responders from the Smoky Lake Fire department, EMS and the RCMP attended the scene. STARS air ambulance was called.

“Fire crews quickly set up the jaws of life and delicately lifted the heavy tree while cutting to bing,” said fire department volunteer Hank Stracener. “STARS, originally enroute to Edmonton, took the patient to the Smoky Lake George McDougall Health Care Facility, was rerouted directly to the scene due to the condition of the patient.”

The rescue helicopter originally landed in a stubble field adjacent to the incident. As more firefighters arrived on the scene RR 170 was closed to traffic and the helicopter repositioned onto the oiled road.

“A huge team effort by all first responders, paramedics and STARS the patient was airlifted to a city hospital,” Hollowaychuk said. “Luckily for all, the patient is recovering from surgery and survived a very critical injury.”

Hollowaychuk noted that a few days later, on April 28, Canada held its annual Day of Mourning to remember all workers who lost their lives or suffered injury on the job or due to a work-related tragedy.

“Last year in Alberta 165 workers were killed on the job, either on an incident or of work related causes,” said Hollowaychuk. “A stark reminder to us all to please work safe. Always have a way for someone to check on your status.”

Smoky Lake RCMP were unable to provide additional information before press time.

SMOKY LAKE FARMERS’ MARKET

OPENING MAY 9th

There will be home baking & other food items, plus Bedding and Container plants from Bellis Gardens

Farmers’ Markets are approved to operate under the regulations covering COVID-19 protocols. Please respect physical distancing recommendations.

Thorhild Central School acting principal Justin Gross beside the school sign encouraging students to keep learning even though schools are closed because of the COVID-19 pandemic.

Thorhild and Smoky Lake counties set fire restrictions on April 27. No fire permits will be issued. All existing permits are suspended and fires lit under them must be extinguished. Fire pits, warming fires, barbecues and burn barrels continue to be allowed but must be supervised to ensure they do not cause a secondary fire.

Smoky Lake County fire chief Scott Franchuk said that with the dry conditions, cured dry grass becoming more prominent, and lack of moisture the fire hazard is high. He recommended all burn permit fires be checked to ensure that they are out and do not cause a grass fire.

Both counties charge firefighting costs to the landowner or permit holder for fires caused during this time.

Sturgeon County had no fire restriction posted as of May 1.

Meetings are now electronic in accordance with section 199 of the Municipal Government Act (MGA) and the Meeting Procedures (COVID-19) Suppression Regulation. Council Chambers is closed to the public, watch the live stream at sturgeoncounty.ca

Sturgeon County Offices are closed on Monday, May 18th for Victoria Day
Redwater council salaries and benefits and allowances increased nearly five percent from $187,330 in 2018 to $196,360 in 2019.

Mayor Mel Smith received $42,400 in 2019, up eight percent from $39,200 in 2018. “Last year the government put an end to our one third tax free on salaries,” explained Smith. “I had never, ever taken a per diem, but when I lost the (tax) incentive I started to accept the per diem. I know it looks like a big jump, but the tax I am now paying is still more than the per diems I get.”

At the beginning of 2019 the federal one third tax free salary benefit ended for municipal politicians.

Coun. Dave McRae earned $33,400 in 2019 up 31 percent from $25,500 in 2018. McRae served as deputy mayor from February through October 2019.

Coun. Connie Butcher earned $33,400 in 2019 down 24 percent from $29,100 in 2018. She served as deputy mayor from January to June in 2018.

Coun. Les Dorosh received $33,400 in 2019 down seven percent from $29,400 in 2018. He was deputy mayor from June 2018 to February 2019.

Coun. Joanne Williams was paid $33,400 in 2019, up six percent from $24,000 in 2018.

Coun. Rob Olsen received $21,100 in 2019, up four percent from $20,300 in 2018. Olsen served as deputy mayor during November and December of 2019.

Coun. Dwayne Spicer was elected in October 2018. He earned $3,900 in 2018 and $24,500 in 2019.

Salary includes regular base pay, bonuses, gross honoraria and any other direct cash remuneration. Benefits and allowances include the employer’s share of employee benefits, health care, group life insurance, professional memberships and tuition.

The above figures were taken from the town’s 2019 audited financial statements.

Mental Health Week runs from May 4th – 10th, 2020 and Redwater HYPE (Helping Young People Excel) would like to encourage the Community of Redwater and area to join us this week by taking part in our HYPE Mental Health Week Bingo.

Starting Monday May 4th, you will notice that we have left our mark throughout the town in various ways, each of which can be identified with #HYPE and a number. The numbers that we leave will match numbers on your bingo card, so your challenge is to find a single line, an X or fill out your full card with the locations that match the numbers!! Be sure to follow us on Facebook (Redwater HYPE) and Instagram (redwater_hype) as we will be sharing clues to mystery locations throughout the week. Once you have completed the challenge you can email a copy of your card (with your contact information) to redwaterHYPE@sturgeon.ab.ca or text us a picture at 780-292-1205.

There will be one prize for each category (a single line, an X and the full card) so be sure to get your card back to us by Monday May 11th! We would love to see pictures of your participation that we can use on our social media and that the paper can print. If you submit pictures with your bingo card you will receive an extra entry in the draw.

As the Canadian Mental Health Association has chosen connectedness as this year’s Mental Health Week focus, we encourage you to connect with your community through getting to know the community better this week and connect with your neighbours as we take part in this challenge together.

Lower costs for Redwater as CAOs change

The Town of Redwater experienced decreased CAO salary and benefits costs last year while it changed chief administration officers.

Town CAO salary, benefits and allowances of $171,820 in 2018 decreased two percent to a total of $168,160 in 2019.

CAO Larry Davidson started working in Redwater Sept. 16, 2019, and was paid a total of $48,710.

Interim CAO Diane Pysmeny added CAO duties to her position as Corporate Services manager from July 1 to Sept. 15, 2019. She received $8,538 in CAO salary.

Salary includes regular base pay, bonuses, gross honoraria and any other direct cash remuneration. Benefits and allowances include the employer’s share of employee benefits, health care, group life insurance, professional memberships and tuition.

The above figures were taken from the town’s 2019 audited financial statements.

Shelby Dowhan is one of the 4H Newbrook members who are working with their 4-H projects. The Newbrook 4-H Beef Builders have 9 market steers and 4 market hogs for sale. The hogs are being sold by private sale as live animals through the club.

To everyone in rural Alberta, thank you for all you do to keep your community spirit alive.

We are thankful for those in the transportation and food industry; to those who keep the power on, the energy flowing, and the utilities working around the clock; and to our farmers and ranchers, who continue to work hard with calving and preparing for seeding.

Together we will make it through this. May you, your family and your community stay healthy.

— Linda Humphreys, Interim Chair Rural Health Professions Action Plan (RHAP)

A reminder from the Sturgeon Regional Emergency Management Partnership:
**Smoky Lake Farmers’ Market will be open on May 9**

The Farmers’ Market will be opening in Smoky Lake on May 9th. As Farmers’ Markets are deemed allowable as a source of food and agricultural items under the regulations from the government, we are opening our doors!

Customers using reusable bags will be required to place the products in the bags themselves. Reusable bags cannot be placed on vendors’ tables.

Consider shopping for others — family members or neighbors. This will help others and reduce the foot traffic in the market.

We will have only food, agriculture and horticulture type vendors at this time.

Contact Pat Flinn at 656-2463 if there are any questions. Hoping to see you at the market.

**Hello Community**

Allergy season is upon us. There are many good medications and eye drops that help reduce the uncomfortable symptoms of allergy. Your pharmacist can help you make the right choices. If you are able, minimize exposure to the outdoors between 10am and 4 pm when pollen counts are highest. Use your air conditioner indoors and keep your windows closed. Also wash your outdoor clothes to get rid of any pollen clinging to them.

A tan is a sign of skin damage. This is true but you can minimize this damage by proper use of sunscreens and choosing the better times to do activities in the sun. A “base” tan will not protect you from further skin damage or skin cancer. Proper use of a sunscreen means applying it at least 15 minutes before sun exposure. It’s important to reapply after swimming and presprinting. The sunscreen’s protection factor (should be at least 15) is good with proper application.

At Thorhild Drug Store we fit pressurized stockings and carry incontinence products, walkers, footbath, etc.

The proposed bylaw has two new sections. One specifies size and spacing of brush piles to be burned. The other section allows council to set fees for any fines issued for breach of the bylaw.

The current bylaw requires permits for burn barrels but not for cooking or warmth if the fire pit being used meets specifications. Under the proposed bylaw, a fire permit will not be required for burn barrels, recreational fires (for cooking, warmth or viewing pleasure) or smudge fires providing they meet bylaw specifications for size and containment.

All emergency services will be charged for except responses to natural disasters like lightning strikes or tornadoes and responses for medical assists at the NewThorRad Senior’s Housing, Radway Continuing Care Centre or any home or business within the county.

Emergency Services charges may be waived at the discretion of the Chief Administrative Officer for responses to an incident involving a death of a county resident and for incidents involving a stolen vehicle. If the stolen vehicle incident is on a provincial highway then invoicing will be in accordance with Alberta Infrastructure and Transportation Policy.

In January 2016 council passed a bylaw stating the person responsible or the land owner or occupant or his insurance company was to pay $1,000 after which the remainder of the fire bill was waived. A person who contravened the bylaw was responsible for all Emergency Services charges, fines and costs incurred by the department.

In 2016 council increased the amount to be paid by landowners from $1,000 to $10,000 because research showed the standard amount covered by insurance was $1,000.

Sue Henderson’s Treasures in Redwater is closed during the COVID-19 pandemic.

Sue Henderson of Sue’s Treasures in Redwater is thankful for government support while her store was closed because of the COVID-19 pandemic and is looking forward to re-opening to serve her community again.

Henderson closed the doors to her consignment store on March 13. Since then she has had no stock or customers coming in.

“I’m fully closed,” she said. “I was worried for rent. Thankfully, the government came through and covered the rent.” She applied for the rental assistance program which, at this time, is for up to three months. The program provides businesses with 75% rental coverage if the landlord agrees.

“My staff have been compensated by the government, too,” said Henderson. “I’m impressed with the government stepping up.”

A local business woman for the past 23 years, staying home so much is new to her.

“I personally have never stayed home this long in my life,” Henderson said. She laughed and joked that she now talks to inanimate things, like appliances.

“I consider myself one of the lucky ones who were able to do this safely and economically,” she said more seriously. “I think it’s a good thing we’re all safe and sound in Redwater.”

She does spend some time in her closed store.

“I am right now trying to get the store ready to re-open, whenever that will be,” she said. “I’m anxious to get back. You can’t make money when you stay home. I think a lot of customers are champing at the bit, too. I’m looking forward to seeing everyone again. I miss them all.”

“I am right now trying to get the store ready to re-open, whenever that will be,” she said. “I’m anxious to get back. You can’t make money when you stay home. I think a lot of customers are champing at the bit, too. I’m looking forward to seeing everyone again. I miss them all.”
Redwater town officials respond to pandemic

As part of our ongoing management of the COVID-19 pandemic, I would like to share some of the steps being taken to assist our residents during these difficult times. Administration presented Council with a variety of options to reduce spending and therefore reduce any impact to municipal taxes. I am pleased to announce that Council has tentatively approved budget reductions of $138,652 from the current operating budget. These cuts are a result of not filling vacant positions and the decision not to hire additional summer staff. The result will be a 0% budget increase for 2020. We have made a conscious effort to keep staff employed, thereby contributing to our economy as well as ensuring we continue to provide effective service delivery to our residents.

Council has also implemented a utility payment deferral for those affected by the pandemic. The Province originally provided a deferral from March 18th to June 30th. Council has approved the deferral period from March 18th to June 30th. We will continue to provide utility arrears notices; however, no disconnections will be done during this period. Payment may also now be made by credit card to assist utility account holders with cash flow.

In addition, Council approved a change for the property tax due date from July 1st to August 31st and charged the tax penalty to be split instead of 10% effective July 1st to a 5% penalty-imposed Sept. 1st and a 5% penalty Nov. 1st. We are also in the process of implementing a new payment system to allow for tax and utility payments by credit card. Council and administration are mindful of the impact this pandemic has created, and by taking these steps we believe they will help those who need the help most.

As you are aware, all Town facilities are currently closed and all programs and events in which people gather have been cancelled until further notice. This includes the Seniors Block Party and Summer Programs. The Premier has suggested that some relaxation of restrictions may be forthcoming. Considering this, we will be making a decision regarding the pool operation by May 15th – assuming any restrictions can be addressed. Our FCSS department is also available should you require information related to mental health or other social supports. Our goal is to maintain services in an as normal practice as possible. Respectfully,

Larry Davidson, Town Manager

Resident wants to know the volunteer record of those on council

Re: my letter to the Editor dated March 11.

I asked a very direct question of all Redwater Town Council members including the Mayor. What have you done to improve our community as a volunteer?

I have always believed that it takes many volunteers to improve a community, not paid budget managers. It is interesting that only one Council Member took the time to reply. I can only assume that the others are far too busy or have nothing to offer. I can only imagine they probably waved their hands and had a chuckle over the stupid question of an old senile person who nothing to offer. I can only imagine they probably waved their hands and had a chuckle over the stupid question of an old senile person.

It is interesting that only one Council Member took the time to reply. I can only assume that the others are far too busy or have nothing to offer. I can only imagine they probably waved their hands and had a chuckle over the stupid question of an old senile person. Maybe it is not appropriate on my part to ask such a question of the Elected Officials, if so I apologize to the citizens of Redwater. I hope that the residents of this community pay attention to the apparent lack of concern or interest by the Redwater Town Council in answering a very simple question. I can only hope this is not indicative of how our community is managed.

In last weeks' paper I read an interview with a retired long time Volunteer. This volunteer had a chuckle over the same question of the same age. I am sure that I did not know much about a man that I have considered a friend of thirty plus years. My compliments to the Redwater Review on a job well done.

--Lorne Hog
SALES

SEED

THORNDIHL - Hurst is 10kms south of Redwater. Unit 2, 2 bdrm, nice clean home. $950/month includes all utilities & laundry. Double garage optional. no dogs, no smoking. $950. Call 780-986-6899 for details (call after 5pm). — 17-21
