Average Redwater home to pay $73 less in property tax this year

Redwater residents will see an overall property tax decrease of $73 on a home with the average assessment of $205,700. The town held its tax collected to the same amount as last year while assessments decreased slightly due to the low net impact on individual taxpayers.

The town is collecting just over $3 million in municipal taxes, the same amount as in 2019. During its May 5 meeting council amended its 2020 operating budget, changing it from a 4.5 percent increase this year to be the same as last year. To assist residents who may have financial difficulties because of COVID-19, council reduced the planned budget by $138,700 with $127,900 of that coming from reduced wages and contributions and $10,800 from policing. The wage savings come from vacant executive assistant and concession positions, and from not hiring seasonal parks and summer programs staff.

Municipal taxes will be collected through a residential and farmland mill rate of 9.1848, up 1.5 percent from 9.0456 in 2019. The vacant residential mill rate is two mills higher (11.6484 in 2019). The non-residential and machinery & equipment mill rate of 9.6041 is half a percent higher last year’s 9.5460. The vacant non-residential mill rate is 19.6041 (was 19.5460 in 2019). The minimum municipal tax is $300.

Property owners on land annexed by the town, as well as the Town of Smoky Lake and Smoky Lake County, will pay the same rates until 2023. This year the Smurrough mill rates are the same as last year: residential is 3.6449, farmland 9.4700 and non-residential rates are the same as last year: residential is 9.1848, farmland 9.4700 and non-residential 10.2808.

For this year, because of the COVID-19 pandemic, council changed the property tax due date from June 30 to Aug. 31.

Fire season

Firefighters and volunteers who serve Thorhild and Smoky Lake counties do fire suppression and rehab checks after the May 1 fire northwest of Smoky Lake at RR180. –photo by Hank Holowaychuk

Construction to start next spring on new school in Smoky Lake

Plans to replace H.A. Kostash (HAK) School in Smoky Lake are getting underway. In addition to the funding from the provincial government for the school building, the Smoky Lake municipalities will invest $600,000 to build in community space such as a Day Care area.

Last week Aspen View Public Schools (AVPS) held a new school meeting with HAK staff May 5 and a joint meeting with Town of Smoky Lake and Smoky Lake County representatives May 6. On the design committee are AVPS trustees Tom Mykytiuk and Donna Cherniwchan and municipal CAOs, Adam Kozakiewicz from the town and Cory Ollikka from the county.

“We’re very excited,” said Tom of Smoky Lake mayor Hank Holowaychuk. “The meeting went extremely well. Everybody worked really hard to get us to this point we’re at.”

He said there is room to construct a new school east of the existing school with no disruption to students or classes. Construction will begin in the spring of 2021 and be completed in 2022. After that, the existing school structure may be mostly demolished. Consideration is being given to saving the small gymnasium as it is a relatively new part of the school.

The Town of Smoky Lake and Smoky Lake County will share the $600,000 investment, with the town contributing 40 percent ($240,000) and the county 60 percent ($360,000). This is really an investment in the future of this region,” Holowaychuk said. “We’re looking at it as one region. We’re working together on it.”

Smoky Lake County reeve Craig Lukinuk said, “On behalf of the community and the council, we’re really, really pleased with this. We’ve had an ongoing partnership with the town and Aspen View, and I thank everyone for their contributions.”

Holowaychuk said it was always their idea that if a new school is built, it would have space for a day care. “It’s one thing we really wanted to get in there,” he said. “It’s a huge benefit to the town, county and residents.”

He noted that the community and school division lobbied diligently for a new school and it was on the sunshine list for a long time. No one from AVPS was available to comment before press time.

HAK is a Kindergarten to grade 12 school serving 325 students in the Smoky Lake area. Modernization of HAK was the top priority on AVPS’s capital project submission to the province since the 2015-16 school year. In January 2017 the renovation or replacement of HAK was put on the Alberta government’s Sunshine List, meaning it was selected as a provincial project but had no funding allocated to it.

The provincial government included a replacement for HAK in its Nov. 1, 2019, announcement of 25 new schools. The process got underway with an April 27, 2020, meeting between Alberta Infrastructure, Alberta Education and AVPS. That project start-up meeting was followed by a meeting with Alberta Education April 29 and then the local meetings last week.
For the first time in three weeks no new cases of COVID-19 were reported in the Sturgeon region on May 8. As of May 8 the Sturgeon County region had 12 reported cases of COVID-19. All of the people have recovered.

Sturgeon County is the only one in the Review and The Free Press circulation areas with reported cases of COVID-19. Both the Thorhild and Smoky Lake county regions continue to have zero reported cases. For reporting purposes, each county includes the urban communities within it on the Government of Alberta website.
Share the Road - Farmers at Work

Spring is here, and farmers are back on the roads and in the fields. This means an increase in slow-moving equipment on rural roads, which can be hazardous.

Motorists are asked to be patient and watch for vehicles marked with slow-moving vehicle signs. Do not drive where operators cannot see you (blind spots) and keep back a safe distance - at least 50 feet, when following.

Farmers are asked to remember to avoid high traffic times and busy roads. Please also ensure all flashers and lights are clean, visible and working properly.

Together, we can ensure that safety remains a priority.

Water Conservation

To minimize the risk of future water shortages, we are encouraging residents to participate in the voluntary Odd/Even Watering Program. Odd/even watering corresponds to the last digit of the home address and the current calendar date. If your address ends in an even number, you are allowed to water on even dates throughout the month. If your address ends in an odd number, you are allowed to water on odd dates throughout the month, eg. #24 Waterway Blvd. can water on even calendar dates such as the 2nd, 4th, 6th, 8th etc and #17 Waterway Blvd. would water on the odd calendar dates such as the 1st, 3rd, 5th, 7th etc.

To conserve water and save money on your water bill (such as watering in the morning or considering the use of rain barrels), discover helpful tips at sturgeoncounty.ca/WaterConservation

OHV Safety Reminder

Recreational use of Off-Highway (OHVs) and All-Terrain Vehicles (ATVs) is a fun way to enjoy the outdoors for many people. Residents are reminded to be aware when operating these types of equipment. Extreme caution should be used in grassy areas and be mindful of hot exhaust. Also ensure that vehicles are kept clean and free of debris to reduce the risk of wildfire.

For your safety and the safety of those around you, when operating any off-highway vehicle, ensure you’re wearing a helmet, do not use on roads, trails or other areas where signs prohibit travel, ensure your lights are working, and be aware of guidelines outlined in Sturgeon County’s OHV Bylaw 1403/18.

More information is available online at sturgeoncounty.ca/OdhwayVehicles

Please note: the operation of off highway vehicles is banned from the Sandy Lake Wilderness area, Cardiff Park and Sturgeon Valley area (extending from Highway 2 east to Highway 28 and Highway 37 south to the city limits).

Help Reduce the Risk of Wildfire.

The nice weather makes us want to be outside with a warm fire. While some areas have standing water due to snow melt, conditions in spring can dry out very quickly. Sturgeon County doesn’t have any Fire Restrictions in place, but residents are encouraged to continue responsible burning practices.

When are Fire Permits required?

Fire permits are not needed for an attended fire that is lit in an approved Fire Pit for recreation, cooking or warming purposes, burn barrels and small yard debris fires do require a permit. Get your fire permits online at sturgeoncountyservices.ca

Conditions throughout the County relating to fire hazards are being monitored and if required, restrictions or bans will be implemented and communicated at sturgeoncounty.ca and on social media.

Go to AlbertaHealthServices.ca for the latest COVID-19 information, guidance and resources from the province.
Sturgeon councillors direct administration to prepare options for council pay cut

Sturgeon County Council will have the opportunity to look at a Council salary adjustment, given the impacts of COVID-19, following a notice of motion at their regular Council meeting April 28. Coun. Patrick Tighe put forward the notice of motion which states: “That Council direct Administration to bring back options relating to a Council salary adjustment to be presented to Council for consideration on May 26, 2020.”

The direction to Administration is subject to Council approval of his motion at their next regular Council meeting on May 12.
THORHILD COUNTY RESPONSES TO THE PROVINCE OF ALBERTA’S RELAUNCH STRATEGY

On April 30, 2020, Alberta’s Relaunch Strategy was announced regarding the phased reopening of the Province. Thorhild County is pleased to confirm the following as they may affect Thorhild County.

The County is currently initiating the following:
- Effective immediately County owned and/or operated parks and open spaces (including tennis courts and basketball courts) are open to the public.
- Social Distancing requirements to be observed and enforced.
- PLEASE NOTE – this does not include the playground structures at Radway, Thorhild Centennial Park, and Half Moon Lake Campground.

We will continue to keep you updated, thank you for keeping safe.

REOPEN AND RESUME ACTIVITIES

As we begin to reopen and resume activities, it is important to keep in mind the following.

- Wash your hands
- Sanitize things you touch
- Physical distancing of 2 meters
- Limit the times you leave your home for errands
- Stay home if you are not feeling well
- Physical distancing measures will be enforced so please remember to keep your distancing. Gatherings of more than 15 people are not permitted. If we follow the rules we can get through this together!

NOTICE OF DECISION OF THE MUNICIPAL PLANNING COMMISSION

The Municipal Planning Commission for Thorhild County has approved the following Development Application(s):

1) Legal Description: NE 3-62-21-W4
   Land Use Designation: AG - Agricultural District
   Proposal: Application to relocate a 16’ X 70’ 1989 Mobile home, construct a detached 40’ X 28’ X 17’ garage and placement of two outbuildings measuring 12’ X 16’ and 16’ X 20’
   Division: 4
   Permit # DP2354

Date of Decision(s): April 28, 2020 Appeal by: 4:30 PM, May 19, 2020

The LAND USE BY-LAW provides that any person claiming to be affected by a decision of the Municipal Development Authority may appeal to the Subdivision and Development Appeal Board (SDAB) by serving written Notice of Appeal to the Secretary of the Development Appeal Board within twenty one (21) days after the decision is made. Any party wishing to initiate an appeal to be heard by the County's Subdivision and Development Appeal Board must include with the letter (and/or other documents) of appeal a non-refundable fee of $200.00 in order for the appeal to be properly received and accepted.

Kelly Patry, Secretary for the Municipal Planning Commission

THE END OF THE BEGINNING

The adjustment to Covid-19 persists. I heard on the news today that the daily numbers of new cases has started to subside/reduce. This is good news. It means that we have had our first true victory. It is not the final victory.

The Chief Medical Officer of Health for Albertans has stressed continued social distancing. This is wise.

Primary services like ours in Smoky Lake County have continued, largely uninterrupted by Covid-19. We have not, thus, contributed to the near-catastrophic numbers of unemployed in this province amid this pandemic. Our social distancing measures are working. They have contributed to the efforts of all Albertans and Canadians to do the present and apparent success of us all.

We will not relent. Churchill once said, “This is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning.”

Let this be our anchor. We are in a long game. We must play the long game. Regardless of our positions or desires to return to the old “normal”, or our desires to return to the old patterns, we must not only be aware that as this pandemic is changing us... so are we changing ourselves and our part of the world. We are being forced to lead ourselves and our neighbours into a new and emerging reality. Despite gravity pulling us down, we have been able to manage and sustain ourselves. We now know that it can be done, that we can overcome the gravity. We are doing it.

Great thanks must go to all front line workers in the public and private sectors that have kept us going through the last couple months. Our gratitude remains daily and in the many thoughtful gestures and glances that social distancing cannot remove.

While we may be in “waves” of Covid-19 for months to come, we are heartened by our own collective resolve to do well by our families, friends, and neighbours each day. As we treat everyone we meet as though WE are the ones unknowingly carrying Covid-19, we make the community and world safer for both ourselves and our family/friends/neighbours. And, yet, still, we find ways to connect.

Stay safe. Stay well. You can. We have.

Cory O’Hikko, CAO
Smoky Lake County

COUNCIL HIGHLIGHTS

- Bylaw No. 1373-20: Hamlet of Bellis Sewer System. -Passed.
- Bylaw No. 1374-20: Borrowing Bylaw. -Passed.
- Policy Statement No. 03-14-12: Hazel Road Agreement. -Amended.
- Policy Statement No. 00-38-03: Smoky Lake County Strategic Plan 2018-2020. -Amended.
- Bylaw No. 1379-20: Joint Agreement for Regional Community Development Committee (RCDC). -Passed.
- Bylaw No. 1377-20: Agricultural Fiddman and Designate Officer. -Passed.
- Bylaw No. 1370-20: Victoria Trail Municipal Historic Area Designation. -Passed.
- Bylaw No. 1369-20: Ruthenia School Municipal Historic Resource Designation. -Passed.

FIRE RESTRICTION

Effective: April 27, 2020 10:00 AM
Smoky Lake County has implemented a Fire Restriction effective 10:00 a.m. April 27, 2020. Smoky Lake County will not be issuing burn permits and all current burn permits are suspended till further notice. With the dry conditions, cured dry grass becoming more prominent and lack of moisture the fire hazard is high at this time.

It is recommended that all burn permits that were issued be checked, to ensure that they are out and not cause a spring grass fire. Recovery of Firefighting Costs: In accordance with Bylaw: Fire Protection Services, as amended from time to time or any costs incurred by the County Fire departments will be charged to the landowner/permit holder, if the Fire Department or County is called upon to respond to extinguish a fire.

Fire pits, warming fires, barbeques and burn barrels will be allowed but must be supervised to ensure that they do not cause a secondary fire.

For further information please contact the Smoky Lake County, (780) 656-3750.

As conditions change, stay up to date by visiting www.albertafirebans.ca

Thank you to all essential workers, for all their hard work and dedication during these challenging times.
**IMPORTANT NOTICE: CAMPGROUNDS**

April 24, 2020

In accordance with Alberta Health Services - Safe Healthy Environments COVID-19 Public Health Recommendations, Smoky Lake County has made the difficult decision to **CLOSE ALL COUNTY OWNED/OPERATED CAMPGROUNDS** (Bellas Beach, Hammore Lake, Island Lake, Kadak Lake and Mons Lake) **until further notice**.

These closures will remain in place until the Province’s Chief Medical Officer of Health is confident the health and public safety risk from COVID-19 is reduced. We encourage residents and businesses to continue to follow the public health recommendations as set forth by the Province of Alberta.

---

**Sewage Backup Prevention Tips**

**Backwater Valve**

Sewage in a basement or on a ground floor is a mess. Installing a backwater valve can prevent sewers from backing up.

**Sewage Backups Happen**

Sewer systems are typically gravity based and flow through to a waste water treatment plant. When a sudden heavy rainstorm flushes debris into mainline storm sewers and sanitary sewers, sewers can backup into homes and businesses. When these two types of sewer systems are overwhelmed, sewers will back up. Tree roots or grease in a home’s sewer lines can also lead to backups.

**How a Backwater Valve Helps Prevent Flooding**

A mainline backwater valve can help prevent sewage in an overloaded main sewer line from backing up into your basement. Placed directly into the sewer lateral in your basement, the valve automatically closes if sewage backs up from the main sewer.

**Not All Backwater Valves are Equal**

Some types of backwater valves, such as the plug type, are not recommended. While they may prevent water from entering your basement, they allow sewer backup pressure to build beneath your basement floor, this can potentially cause structural damage to your home.

Adapted from 'The Handbook for Reducing Basement Flooding, Institute for Catastrophic Loss Reduction'.

---

**TAX DEPARTMENT NEWS**

Friendly reminder that Smoky Lake County will be sending out Property Tax Notices in the beginning of June. If you have not received your tax notice by June 30th, 2020 please email cmcmullin@smokylakecounty.ab.ca or call the office at 780-656-3730 to have one resent to you.

---

**POSITIVE COMMUNITY MESSAGES**

Shannon Stubbs, Conservative MP for Lakeland wants to see some positivity! If you have pictures and some information on positive initiatives that have recently developed, please share them. Submit your pictures of hope messages in the windows, a thank you notes, individuals or groups delivering food or making masks and any type of good-news message during these challenging times.

Let her know at: Shannon.Stubbs@parl.gc.ca

---

Wishing our farmers a safe seeding season.

Please remember to slow down, and drive with caution while passing farm equipment.

---

**CONGRATULATIONS CLASS OF 2020**

H.A. Kostash, Holy Family Catholic and Vilna Schools

We know this isn’t how you pictured celebrating this huge milestone. While the celebration may look different, the accomplishment is just as great.

---

**Farmer’s & Ranchers Appreciation Day BBQ**

In compliance with Alberta’s Public Health Orders, Smoky Lake County’s Farmer’s & Ranchers Appreciation Day BBQ, previously scheduled for June 5, 2020 has been **POSTPONED**.

We look forward to celebrating all the hard work and dedication of our Farmer’s & Ranchers at a later date.

---

**SPRING CLEANUP PROMOTION**

Smoky Lake County is offering free disposal of appliances containing Freon at County Landfill Sites for residents from the County and Villages May 11, 2020 to May 24, 2020

For more information call Dave Franchuk @ 780-650-1805

Former Thorhild Central principal named Aspen View division director of Human Resources

Former Thorhild Central School (TCS) principal Kimberlee Carson was appointed Aspen View Public Schools (AVPS) Director of Human Resources effective for the 2020-21 school year. Carson was appointed as acting director in February.

In a May 4 press release advising of Carson’s appointment AVPS said her wide range of experience and leadership skills will benefit Aspen View in her new role.

“Leaving the dynamic, caring, and creative teaching and learning team of TCS was a difficult decision,” said Carson. “When you are with a group for a long time they truly become your work family. I will always hold a special place in my heart for TCS. The staff, students, parents, and entire community have helped me grow as a leader, and I am grateful for their encouragement and support. Within the short amount of time I have been at Division Office, the team has certainly extended their welcome to me, and I have now expanded my work family. I am grateful for the expertise, knowledge and kindness the team has provided me as I navigate my new position. “It is my educational philosophy that building relationships is the cornerstone of any successful position. As the director of Human Resources I will have the opportunity to continue building my relationships with all of our staff within the division. I am looking forward to visiting all the schools, meeting everyone in person, and exploring ways to support them.”

Carson spent her entire career in education with AVPS. After 15 years as a teacher at Thorhild Elementary School and Thorhild Central School (TCS), she spent four years as assistant principal at Boyle School. She has been assistant principal and principal at TCS for the past 12 years.

Carson holds a Bachelor’s degree from the University of Alberta and a Master’s Degree from the University of Calgary. She has been very active with the Alberta Teachers’ Association and the Canadian Teachers’ Federation Project Overseas.
Mykytiuk was appointed principal of Vilna School for the 2020-21 school year. Mykytiuk has been with Aspen View Public Schools (AVPS) since 2009 and spent the last two years as assistant principal of Vilna School and Kindergarten to Grade three lead for the Aspen View numeracy initiative. Prior to that, she helped lead the Aspen View’s literacy initiative.

Mykytiuk’s previous experience includes roles as a classroom teacher, literacy coordinator and inclusive education coordinator in Alberta, Ontario and Australia. A graduate of H.A. Kostash School in Smoky Lake, Mykytiuk holds a Bachelor’s degree from the University of Alberta and a Master’s degree from Concordia University College of Alberta.

In a May 4 press release advising of her appointment, AVPS stated Mykytiuk’s experience in education and leadership will be an asset to the Vilna School community.
Justin Gross appointed Thorhild Central School principal

Thorhild Central School (TCS) acting principal Justin Gross was appointed principal effective for the 2020-21 school year. "It has been a fantastic 10 year journey as a member of the Thorhild Central School community, and I am excited for the opportunity to continue working alongside you," said Gross. "Together we will continue to build a caring community committed to the education and well-being of our families. Know that in these uncertain times we miss you, we worry about you, and we can’t wait to be back together. Please take care of yourselves, take care of your families and take care of our communities.

In a May 4 press release advising of Gross’s appointment AVPS stated Gross is a highly skilled educator, particularly in the maths and science fields, and works collaboratively with both staff and students to build rapport and healthy learning environments. Gross will continue the excellent leadership he demonstrated in his assistant principal role. Gross was appointed acting principal in February 2020 when former principal Kim Carson became a director at central office.

Gross holds a Bachelor of Education degree from the University of Alberta and a Bachelor of Engineering degree from Ryerson University. He joined the staff at TCS in 2011 after previously teaching in Redwater. He has been assistant principal of Thorhild Central School for the past two years.

Sturgeon cancels many events, but some exceptions will go ahead

Sturgeon County Council directed Administration to cancel public engagements and events from May 1 through to July 31 due to Covid-19 at their regular Council meeting April 28. There are exceptions for events where Government of Alberta physical distancing directives can be accommodated and these will proceed. They include the County’s tree program, rain barrel and compostor pick ups and household hazardous waste round-up.

Director Corporate Services Jesse Sopko noted, “The Government of Alberta has restricted gatherings to protect Albertans’ health and limit the spread of Covid-19.”

“On April 24 the Chief Medical Officer of Health announced that restrictions on gatherings will be in effect for the foreseeable future and apply to all summer events and festivals in Alberta, including arts and cultural festivals, agricultural fairs and rodeos, educational seminars and workshops, group volunteering initiatives and other informal events,” Sopko added.

Despite the province announcing some easing of restrictions on May 1, gatherings of more than 15 people remain restricted whether in an indoor or outdoor location. Many high profile festivals and events in Alberta have cancelled their events amid restrictions on May 1, gatherings of more than 15 people remain restricted whether in an indoor or outdoor location.

Director Corporate Services Jesse Sopko noted, “The Government of Alberta has restricted gatherings to protect Albertans’ health and limit the spread of Covid-19.”

“On April 24 the Chief Medical Officer of Health announced that restrictions on gatherings will be in effect for the foreseeable future and apply to all summer events and festivals in Alberta, including arts and cultural festivals, agricultural fairs and rodeos, educational seminars and workshops, group volunteering initiatives and other informal events,” Sopko added.

Despite the province announcing some easing of restrictions on May 1, gatherings of more than 15 people remain restricted whether in an indoor or outdoor location. Many high profile festivals and events in Alberta have cancelled their events amid the pandemic including Edmonton K-Days, Calgary Stampede, The Works Visual Arts festival, Fringe Festival and Folk Festival.

Council also directed Administration to bring back a Request for Decision to the June 30 Council meeting to decide on the status of public engagements and events scheduled from August 1 to September 30 based on health directives at that time.

RENOVATION

Life insurance and health insurance through our knowledgeable and professional tracked experts. Information and quotes for all your needs. 1-877-450-6439"
North Corridor Co-op ... would like to express its gratitude to all our Front-Line Workers.

To our Health Care Workers, Doctors, Nurses, Support Staff, and Cleaning Staff putting themselves at risk daily to serve us. For the Warehouse staff, Truckers and Grocery personnel doing their best to provide us with the essentials we all rely on. Their tireless work during this exceptional time is being experienced everywhere, as these heroes go above and beyond our expectations to keep us healthy and safe.

Thank You for serving our Communities.
We appreciate your courage.

Thank you And Stay Safe!

You may have noticed our Co-op Food store print flyers have been reduced to 4 pages…
The full flyer is available online through your Co-op App or go to Coop connections

Here are a couple pictures for kids to color!! Please send your finished works of art to our facebook page at www.facebook.com/northcorridorcoop
