Peyton Delorey (L-R), Olivia Clark and Maddox Willis picked cattails on the playground at Ochre Park School in Redwater their first day back at school, Sept. 1. “These look like worms,” Delorey said as she picked the thick white roots. Story page A2.

Aspen View students start date for students

While all schools followed the provincial guidelines for re-opening during the COVID-19 pandemic last week, school boards and individual schools set timelines and processes to best serve their own communities. In Aspen View Public Schools (AVPS) Thorhild Central School (TCS) and H.A. Kostash (HAK) School in Smoky Lake opened to students Sept. 2 with students with last names starting with A-M attending. On Sept. 3 and all students with last names starting with N-Z attended, and on Sept. 4 all students attended. That excluded students who chose alternative delivery learning systems such as online school.

At Vilna School on Sept. 2 grades one, four, five, seven and nine attended. Grades two, three, six, eight, 10, 11 and 12 attended on Sept. 3 and all students if part of COVID-19.

“We have had an excellent start at HAK,” said principal Dick Richards. “Aspen View chose to stagger start days for students to allow school staff to get through re-entry plans with smaller groups. Students and parents have been extremely cooperative and understanding. We will continue to work on safety procedures; however, students have been incredibly adaptive. It is great to have an ‘energy’ in the school that we have not been missing since March. We are looking forward to a safe and productive school year.”

“The election is more than a year away,” she said. “I am currently focused on the responsibilities remaining for the current council. We will continue to work on safety procedures; however, students have been incredibly adaptive. It is great to have an ‘energy’ in the school that we have not been missing since March. We are looking forward to a safe and productive school year.”

Grade four students Ron Brerton-Inyallie (Front-Back), Mackenzie Knight and Zack Souch settle into their spaced-apart desks as Vilna School teacher Holly Doshewnek watches on their first day back at school, Sept. 2. --photo by Brenda Mylytiuk

Redwater schools open with masks and backpacks

Students in Strumung Public School Division (SPSD) returned to classes last week with masks and backpacks.

Ochre Park School (OPS) in Redwater and Redwater School (RWS) are part of the SPSD relaunch plan with adjustments to accommodate the students through the pandemic. Ochre Park has Kindergarten to grade four class- es and Redwater School grades five to 12. During the noon recess, students wash their hands, wear masks and follow directional markings in hallways, so the school community is happy to be together again.

“Five days we have kids back,” said Ochre Park principal Roxanne Filipchuk. “They’re all very excited.”

Some differences for this year include designated entrance and exit areas for each grade, hand sanitizing stations throughout the schools, staggered recess and dismissal times. Masks are required in hallways and common areas.

At RWS students carry their supplies with them in their backpacks and take them home every day. Hallway lockers are not used to limit crowds of students around them. That limits the amount of materials they have at school, so the supplies include paper, pens, pencils, scientific calculators if required, pencil sharpener, ruler, binder, pencil case, pencil crayons. It is in sharp contrast to school’s supply lists in previous years, during which a grade three student required about $100 worth of items. Various schools have requested students bring in 24-80 pencils plus multiple erasers and glue sticks.

“I think it’s much more reduced stagger and dismissal times. The library is open, so students can access materials for three days prior to bring their books home to take out.

Students do not have access to a microwave during lunch. For breakfast, lunch, and dinner, nine students are not permitted to leave the school grounds during the day. The exterior school doors are locked during the day, and parents are asked to schedule appointments to enter the school.

At OPS similar protocols such as locked exterior doors, separate entrances and staggered break and dismissal times are in place. The playground was divided into six sections for students to play at each class time, and a classroom cohort is assigned for an area for the day, and students rotate through the various areas throughout the week.

The Breakfast nutrition program is again offered with breakfast served as pre-packaged meals (or meals served by designated staff) in each classroom. Students eat at their own desks.

A man was arrested in the Redwater area and charged with attempted murder after an incident that started at a campground south of Boyle.

On Aug. 29, at approximately 8:30 p.m., Boyle RCMP responded to a report of an adult female that had been stabbed at a campground south of Boyle. The victim was transported via STARS to an Edmonton hospital with serious life threatening injuries. The male suspect fled into a wooded area after the stabbing occurred.

RCMP Police Dog Services and Edmonton Police Services - Air 1 assisted with search efforts but the man was not immediately located. Two RCMP Forensic Identification Services members with keen eyes, who attended the scene were heading back to the Edmonton area at approximately 5 p.m., on Aug. 30, when a man matching the description was spotted walking on Highway 28 north of Redwater. Redwater RCMP along with Redwater Integrated Traffic Unit assisted with the arrest of the suspect male. He was taken into custody without incident.

A 32 year old Edmonton man was charged with attempted murder. RCMP are not seeking any other suspects in relation to this incident and do not believe this was a random act.
**Council Highlights**

- Policy Statement No. 03-25-10: Sale of Gravel or Sand - **Amended**
- Policy Statement No. 01-03-27: Organizational Chart - **Amended**
- Bylaw No. 1382-20: Chief Administrative Officer (CAO) - **Passed**

**Donations**

- $200 plus promotional items valued at $50; Redwater-Smoky Lake Victim Services Unit, 2020 Annual Charity Golf Tournament.

**Public Works Maintenance & Project Schedule**

- Continue with culvert installations
- Continue divisional and private gravel hauls
- Continue patching oil base roads and dust controls
- Providing second application of MG30 on approved dust control projects for roads adjacent to residents
- Brushing of road right of ways

**Financial Plan Feedback**

Smoky Lake County is actively seeking public consultation for future budgets and financial plans. Taxpayers can provide feedback by:

- Emailing feedback to finance@smokylakecounty.ab.ca after reviewing the 2020-2024 Financial Plan at: www.smokylakecounty.ab.ca
- Virtually attend the 2021 Budget Planning Meetings scheduled in the fall
- Provide feedback to your Councillor, Interim CAO, or a County Manager

**Agricultural Crop Surveys**

Smoky Lake County Agricultural Services will be conducting crop surveys in September. Crop inspectors will carry valid ID and be in a marked Smoky Lake County vehicle. 2020 crop surveys include:

- Sweep net surveys along roadside ditches and field edges for grasshoppers
- Fusarium Head Blight in wheat
- Clubroot and blackleg in canola

The data collected contributes to Provincial forecasting and monitoring efforts. Staff are trained in survey protocols and ensure that bio-security measures are taken.

Information on pest surveys and forecast data can be found at: https://prairiepest.ca

For more information contact the Agricultural Fieldman at 780-650-5409

**Thank You, Junior Forest Rangers!**

Smoky Lake County would like to say a HUGE thank you to the Junior Forest Rangers from Lac La Biche. The group graciously volunteered their time and energy to do brushing, weed whipping and painting at the Belly Campsite along the Iron Horse Trail between Bellis and Vilna.

The Alberta Junior Forest Rangers (JFR) was founded in 1965, and is designed to introduce high school students to the wide variety of career options with local organizations, industry, and different government branches; including forestry, wildlife management, ecology, natural resources, and more. Through rewarding educational and work experiences, the program aims to instill a lasting respect of the natural world through future generations through character building and career exposure. [https://alisa.alberta.ca/junior-forest-rangers/](https://alisa.alberta.ca/junior-forest-rangers/)
SNOW FLAGS

As per Policy 3-35: Snow Clearing, the County provides snow clearing services to Smoky Lake County residents for their residential driveways under the following terms and conditions:

- Flags may be purchased at the County’s Public Works Shop between 9:00 AM to 4:00 PM, Monday through Friday.
- Eligible general public individuals may buy a seasonal flag entitling the purchaser to snow clearing for the full winter season.
- County staff will attach the snow flag to the residential signs.
- All flag purchasers must sign a “Hold Harmless Agreement”.

Cost: $350.00 if purchased prior to October 31.
$400.00 if purchased after October 31.

Eligible seniors and handicapped individuals may buy a seasonal flag for the cost of $125.00 if purchased prior to October 31. After October 31, the cost to purchase a flag is $150.00.

More information on Policy 3-35: Snow Clearing, can be found on-line at:
http://www.smokylakecounty.ab.ca/policies

Assessment Notice

Accurate Assessment Group will be conducting assessment inspections. This year they will be concentrating on Ranges 12 & 13 (not including 57-13 and 58-13), but may be inspecting in other areas of the County for various reasons.

Accurate Assessment Group will be honouring all safety protocols and safe distancing in performing these inspections. The Assessors will always identify themselves with a business card.

#OrangeShirtDay
PROVIDE YOUR ADVICE ON LOCAL POLICING

Sergeant Sehn of the Redwater RCMP Detachment would like to hear from local community members in the Redwater RCMP Detachment area who may have any comments or concerns about policing issues in the following geographic areas: Abee, Amelia, Coronado, Egremont, Half Moon Lake, Lost Point Lake, Newbrook, Opal Roadway, Redwater, Thorhild County, and Sturgeon County (North and East of Gibbone).

Normally, a Town Hall Meeting would have been held in a local community hall; however, due to the current state of the pandemic, this was not possible. As a result, for a two-week period from Sept. 14 until Sept. 28, Sgt. Sehn will be accepting input from community members through either regular mail or email. If you are interested in participating, reach out to Sgt. Sehn at: Redwater RCMP, P.O. Box 399, Redwater AB T0A 2W0 or email: feedback@rcmp-grc.gc.ca

Once the date closes, Sgt. Sehn will review all of the correspondence received. In October, Sgt. Sehn will respond to the top issues and concerns as presented and publish his responses in the aforementioned community's web pages and local & social media. Sgt. Sehn appreciates everyone in advance for taking the time to work with him to identify community concerns during this challenging time.

New cases of COVID in Sturgeon

Sturgeon County had two new reported cases of COVID-19 last week.

According to the Alberta government website, as of Sept. 3, Sturgeon County west and the smaller urban centers within it had 31 reported cases of COVID-19 of which two were new cases. There were four reported active cases and 27 recovered cases.

Sturgeon County east had zero new reported cases. In 11 reported cases were all recovered. The total number of cases in Sturgeon County was 42.

The number of reported cases in Smoky Lake County remained at 11, with all listed as recovered.

In Thorhild County the number of reported cases remained at five with all of them recovered.

The Town of Morinville continued to have a total of 10 reported cases: one active case and nine recovered.

Sturgeon west includes Legal and Bon Accord. Sturgeon County east includes Gibbons and Redwater.

Hardware store works through complexities created by pandemic

Redwater Home Hardware faces supply challenges during the COVID-19 pandemic. Deemed an essential service, it remained open while many other businesses had to close in March.

“My biggest issue was getting supplies,” said owner Dody Kluttig. “Manufacturing and shipping shut down, so getting products was difficult.” At first the shortages were just with high demand items such as toilet paper, gloves and masks.

“Wipes sales increased 500 percent,” she said. “Nitrile gloves have doubled in cost, and I can’t seem to find another supplier.” She still can’t get N95 masks and Lysol wipes.

“Most customers didn’t understand why there were shortages,” Kluttig said. “They were just angry.” She discovered that anger shifted to frustration when people learned the shortages were the same everywhere.

In the spring she sold double the usual amount of seeds and pickling products. She sold out of seeds on opening day. Even though she had stockpiled items such as lids for canning jars, they are sold out. And she can’t get more in right now.

Despite the difficulties bringing in some products, Kluttig appreciated being deemed an essential service.

“We’re very grateful to be an essential service,” she said. “There weren’t very many of us open those first couple of months. I feel really bad for the businesses that had to shut down and the ones that won’t survive.” She added that the Alberta Chamber of Commerce estimates seven out of 10 businesses in the province won’t survive the pandemic. Most of them will be the small Mom & Pop enterprises.

Kluttig understands that having a local store was, and is, especially important for people who wish to avoid going to Edmonton where there is a higher prevalence of COVID-19 infections.

Keeping the store sanitized to protect customers and staff came with other challenges. She checked the safety protocols recommended by the government every day.

“I believe they did the best they could with what they had,” she said. “The rules kept changing so rapidly. By the time we get the hang of it, it changes again.”

She worries about her staff, who are at an extremely high risk because they are always in contact with many people. Because it is impossible to sanitize the entire store every night, she implemented strict protocols in order to keep the store open. Everyone must sanitize their hands when entering the store or put on gloves. If a customer refuses both those measures, she will shop for them and pick their items off the shelves.

“All the policies we put in are designed to protect customers and staff,” Kluttig explained. “We won’t put up with an angry or frustrate anyone. I just hope our community realizes any of the protocols any business puts in are to keep our community safe and thriving.”

Assisting her in that endeavor is the Home Hardware organization, which sends gloves and masks to businesses that had to shut down and the ones that won’t survive the pandemic. Most of them will be the small Mom & Pop enterprises.

“Certainly, it puts in are to keep our community safe and

From serious crimes to positive tickets, RCMP busy in August

Submitted by Sgt. Jeff Sehn
Redwater RCMP Detachment

During the month of August the Redwater detachment responded to 200 calls for service. These calls consisted of 7 break and enters, 2 Assaults, 1 aggravated assault, 1 uttering threats, and 1 assault causing bodily harm.

In one instance, one of our observant citizens called police and reported someone sleeping in a truck outside of the Thorhild County Transfer Station. Our members, with assistance from the Redwater traffic unit arrived on scene to locate 3 individuals (2 males and 1 female) passed out sleeping in the truck. Through further investigation it was determined that 1 of the 3 suspects had broken into the Transfer Station but prior to fleeing the scene managed to stop and gain some much needed rest. He then got back into the truck and left the premises.

On Aug. 20, at approximately 10:50 a.m., Redwater RCMP responded to a report of a male committing an indecent act while parked on the side of the road near the Opal water station. Several victims reported the male was allegedly performing the indecent act while exposing himself to vehicles passing by. Police immediately attended the area and located the suspect driving in the reported vehicle. He was arrested without incident after a traffic stop was initiated. A small amount of what is believed to be methamphetamine was also located in the vehicle. A 38 year old man from Redwater has been charged with committing an indecent act in public and possession of a controlled substance (methamphetamine). He was released after a judicial hearing and will be appearing in Fort Saskatchewan Provincial Court on Sept. 17.

Over the last month the Redwater detachment has employed a number of crime reduction strategies as part of this year’s crime reduction strategy. During the month, members were deployed on crime suppression shifts where they utilized data and intelligence to target repeat offenders and target crime hotspots. During these suppression shifts, Redwater members conducted roving traffic stops, traffic enforcement, conducted surveillance of repeat and habitual offenders, conducted conductance of license checks on repeat and habitual offenders, and conducted high visibility and covert proactive patrols in all of the communities in the Redwater Detachment area. These proactive shifts will continue to be used in order to suppress repeat offenders.

In addition, the Redwater detachment utilized a “Bait vehicle” within the Redwater, Thorhild County, and the Town of Redwater to target repeat offenders. Although not stolen, the Redwater RCMP are warning would be criminals that if you steal a vehicle, drive it around and make it look like a “Bait Vehicle” and you will be caught. In conjunction with the RCMP Auto Theft Unit, an initiative to use a “Bait Vehicle” will continue to be utilized at various times and places in the town of Redwater and Thorhild County, and Sturgeon County. Targeting people who steal vehicles or who attempt to steal from vehicles, is just one component of the ongoing crime reduction strategies employed by the Redwater Detachment and across the province of Alberta.

Jan. 1, 2020 to present the Redwater detachment has responded to 138 motor vehicle collisions. 3 of which ended in fatalities and 15 in serious injuries, and 55 involving wildlife on the roads. During the month of August, we responded to 16 motor vehicle collisions, 2 of which ended in fatalities and 5 involving wildlife on the roads. During the month of August, we responded to 101 motor vehicle collisions, 2 of which ended in fatalities and 15 in serious injuries.

RCMP members and Support staff at the Redwater Detachment and Traffic unit decided to donate some money to purchasing backpacks and fill them with school supplies, 2 grade 5-6 students, 2 junior high school students, and 2 high school students were selected to receive these supplies.

Leading up to the start of school, the members and support staff at the Redwater Detachment and Traffic unit decided to donate some money to purchasing backpacks and fill them with school supplies. 2 grade 5-6 students, 2 junior high school students, and 2 high school students were selected to receive these supplies, along with a Subway gift card for good measure.

The Redwater Detachment is seeking community feedback. In the current world of COVID-19 community engagement events have become a challenge due to social distancing requirements. In order to seek important input from all stakeholders, the Redwater RCMP will be completing monthly police briefs like this one in order to keep the public aware of our activities in the communities. In addition, encourage anyone with any inquiries, questions, or concerns to contact us at Krebcommunityfeedback@rcmp-gcc.ca. All email submissions will remain anonymous. During each monthly police brief members of the detachment will answer a few questions of the asked. We look forward to hearing from you.
